The Amity Teachers Program	"Amity" means friendship, and friendship is at the heart of this challenging program. At their best, Amity teachers become bridges spanning the human distance between the people and churches of their home countries and the Chinese people. The Amity Teacher Program emphasizes Christian service. Teachers interact with Chinese teachers, students and Chinese people at large while they live in China. The financial support for teachers comes from overseas sending agencies which work in partnership with Amity, so potential candidates must apply to one of these for sponsorship. The sponsoring agency covers costs for orientation, transportation, insurance and, through Amity, provides most of the salary; the rest comes from the school.
